(EN) ENGLISH

Rope Slider

The Rope Slider may only be used in a climbing system by those who are skilled in the use of climbing equipment or supervised by an instructor.

Use
The Rope Slider can be used as a prusiklift both for a short and a main anchoring. (Figure A and B)

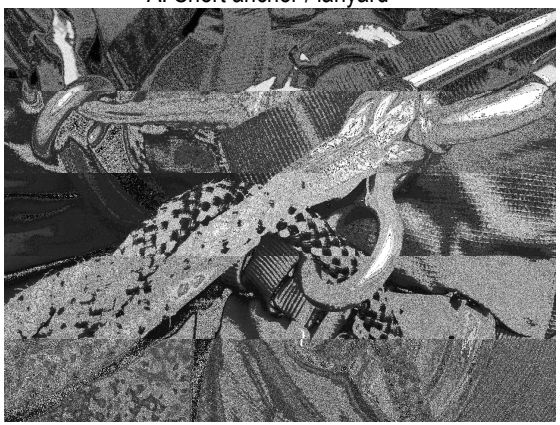
Rope Slider
Weight: 28 gram
Ø A: 24 mm
Ø B: 14 mm
Material: hot forged aluminium 6061T6
Finish: blue anodised

Explanation of print
Shizll®: Rope Slider is a product of the brand Shizll, part of Betuwe Boomverzorging.

No PPE!: **No Personal Protection Equipment**!: For security reasons it is not allowed to use the Rope Slider as a bearing part of a climbing system or other application.

Serial Number: The serial number consists of the letter R, followed by a unique number and year of production.

A. Short anchor / lanyard



WARNINGS
Use the Rope Slider only as a "tool" in a climbing system or other non-bearing application.

It is not allowed in any way to apply force on both rings of the Rope Slider simultaneously. (Figure C)

Make sure that the Rope Slider is always at the top in the middle of the carabiner and remains there so it can never affect or damage the opening of the carabiner. (Figure D)

The Rope Slider should only be used by persons who are capable and skilled in dealing with climbing equipment as used in tree care and mountaineering.

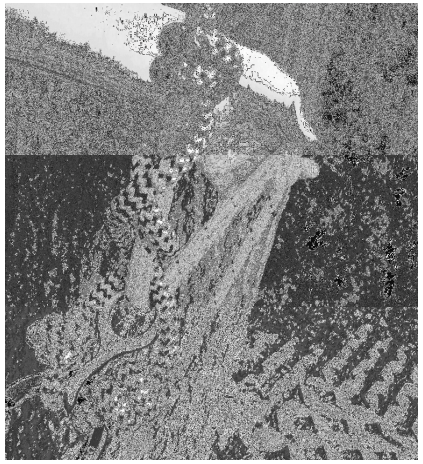
When the Spider Rope is damaged in any form or for any reason whatsoever it is not permitted to still use it because of the serious damage it can cause to (climbing)lines and other climbing gear.
Also in illegibility of the inscription "No PPE!" it is no longer allowed to use the Rope Slider.

Shizll ® is not responsible for any use other than as specified in this manual.

When in doubt about safe use of the Rope Slider please contact us.

Keep this user manual.

B. Main achor



C. Do not apply force on both rings simultaneously!
